# BEST FOR LIVER **BOWELS STOMACH** HEADACHE, COLDS

THEY LIVEN THE LIVER AND BOWELS AND STRAIGHTEN YOU RIGHT UP.

DON'T BE BILIOUS, CONSTIPATED, SICK, WITH BREATH BAD

Tonight aure! Take Cascarets and injoy the nicest, gentlest liver and sowel cleansing you ever experienced. Wake up with your head clear, stomach sweet, breath right and feeling inc. Get rid of sick headachs, billousness, constipation, furred tongue, sour stemach, bed coids. Clear your skin, brighten your ayes, quicken your step and feel like doing a full day's work. Inscarets are better than salis, pills or talomel because they don't shock the iver or gripe the bowels or cause meonvenience all the next day.

Mothers should give cross, sick, silious, fewerish children a whole Casmaret anytime as they can not injure the thirty feet of tender bowels.

### DANIELSON

Postmaster Pilling Has Received a Supply of Stamped Envelopes-The River Weaving Co., Inc., Offera Mill to Government in Case of War-List of Men Selected to Take Mili-tary Census Completed.

After being without them for eight months, Postmaster George M. Pilling succeeded in securing a supply of 10,000 stamped return call envelopes, the kind that is sold through the stamp windows at three cents each. So short is the supply that it was only interested efforts and special diplomacy that envelopes were secured. Many inquiries for the stamps have been made at the local offices during the past few months. Thermometer Registered 8 Below.

Eight below zero was reported from a home on lower Broad street Monday morning, this being one of the record figures heard of in Danielson this winter. In other places about town six below and other figures thereabouts were quoted, this being slightly colder than on Sunday morning.

RIVER WEAVING CO. OFFERS MILL IN CASE OF WAR on Business Men's Association Notified by President Cunneen.

F. E. Cunneen, president of the F. E. Cunneen, president of the River Weaving company and president of the Danielson Business Men's association, said Monday that he will offer, in case of war, the free use of his mill by the government. The offer is the first of the kind heard in this vicinity. Mr. Cunneen is a veteran of the Spanish war, during which he served in the naval arm of the service and was with the blockading fleet off Santiago.

FUNERAL

Mrs. Mary Leduc. The funeral of Mrs. Mary Leduc was held from her home in Attawaugan Monday morning, with funeral services at St. Joseph's church in Dayville. Rev. Ignatius Kost was celebrant of the requiem mass. Burial was in St. Joseph's cemetery, Dayville. Louis E. Kennedy was the funeral director. neral director.

neral director.

At Williamsville, where all is hustle and bustle, notwithstanding zero temperatures, more than a dozen cellars have been excavated preparatory to erecting dwellings, of which one hundred or more are to be built during the coming spring and summer.

Former Resident Dead. From New Bedford to relatives here came messages on Monday announcing the death of Benjamin Lamothe, formerly a resident of Danielson. Mr. Lamothe leaves a wife and three children. He was 42 years of age and during his early years was a student at St. James' parochial school, Franklin street.

Apparently the burglars worked inin street.

### PUTNAM

Store of Isaac Chapeau Co., Inc., Brok en Into-Silk Goods Taken-Loca Thermometer Registered 20 Degrees Below-Superintendent H. W. Files Monthly Report.

Another break was discovered Mon Another oreak was discovered alonday morning when the store of the Isaac Champeau Company, Inc., was opened for business. An inspection of the stock showed silk suits, silk waists, silk hosiery, some small articles, two suit cases missis; all of a value of \$400, it was later stated at the store.

Selected Finest of Silks.

The burglars that worked at the Champeau store must of have been of the elite clan of crooks. They selected the finest of the silk dresses disturbing none others in the case, and cleaned out a shipment of crepe de chine silk waists that were received at the store Saturday night. Getting over in the hoisery department the nifty burglar who operated in that section selected a pair of gray silk socks for himself and then hustled about to find a pair of gray silk hose supporters to match, and took them, too. Silk mufflers and handkerchiefs were among the things taken.

The fact that the store had been burglarized was discovered by Mr. Champeau when he opened the store at 8 o'clock Monday morning. He had been in the store at 9.30 Sunday night, and when he left everything was in order. Selected Finest of Silks.

Transom Over Rear Door Broken Two night lights are left burning in the store, one at the front the other at the rear. Both lights are operated by the same switch. When Mr. Cham-peau unlocked the front doors Mon-day morning he immediately noticed that that the light at the back of the store was out. Going in that direction he noticed that the transom over the gained by breaking out the transom doors closed but unlocked.

The store was in such good order, however, that he thought at first the burglers had not taken court in the store was in such good order.

burglars had not taken anything. In inspection in the ladies' garmer Chociest of Goods Selected. department began to show losses. From the big glass cases where the garments are kept silk gowns had been taken. Discrimination had been shown same rule applied to the taking of the

silk waists.

A few minutes' inspection of the store gave a fairly clear idea of what had taken place. Entrance had been gained by breaking out the transom at the rear. Once inside it was a simple matter for the burglar to open the back door and left in his confederate. Then the precaution of unscrewing the lighted bulk at the rear of the transom.

Apparently the burglars worked in-side with assurance and confidence, for they must have remained inside a consection, see or hear anything sus-picious. It was impossible Monday to tell at what hour the burglary was

committed.

Mr. Champeau said Monday afternoon that he had been given to understand by Captain Ryan of the police that officers on night duty have implicit orders to make regular tours of inspection during the night to the rear

The robbery at the Champeau proved particularly disturbing Monday because it is one of a new series started here within the past month. The loss there, too, is larger than at the other places robbed. S. D. Bugbee's store was broken into last month and following in quick order came the robbed. Board of Education, the time is coming when we shall be obliged to provide extra school room for an increasing school population. New Series of Burglaries. the attempt to rob the Belisle garage on Bridge street. Also recently has occurred the theft from the Putnam Foundry and Machine company of one of a pair of large gray houses, the horse being promptly recovered, how

Probably Work of Professionals. There are some indications that poir There are some indications that point to the fact that the men engaged in making the breaks are professionals. This was particularly indicated by the things taken at the Champeau store, the first dry goods store out of which a considerable haul has been made.

Twenty Degrees Selow. One themometer in the city—one that seems to have a craving for publicity—showed a reading of 20 below zero Monday morning, and that stood as the low record for the winter, as reported here by citizens of men chilled sections in this section of Windham county.

From West Thompson came a report of 14 degrees below and there were reports of 8, 9 and 10 below from almost every contract of 14 degrees below and there were reports of 8, 9 and 10 below from almost every contract of 14 degrees below and there were reports of 8, 9 and 10 below from almost every contract of the winder of

Mrs. C. C. Crandall Buried Here. The body of Mrs. C. C. Crandall, who died in Chicago was buried Monday afternoon in Westfield cemetery. Rev. E. A. Legg read the committal service. Services were held in Chicago. A. F. Wood was in charge of the funeral arrangements.

FRANKLIN D. CROSBY BREAKS LEG WHILE COASTING

Broke Both Bones in Right Leg

When He Ran Into an Iron Fence.

The first serious coasting accident of the season occurred on the School hill Monday afterneon when Franklin D. Crosby, 12, ran into an Iron fence after a side down the hill and suffered a compound fracture of the right leg. The bones were broken between the knee and the ankle. The boy was taken to the home of his parents, Mr. and Mrs. Henry D. Crosby of Academy street. The boy was given attention Monday night by Dr. Byron Sweet of Griswold.

the schools to which he has gone.

Favorable Comparisons.

This means something and should be digested. If our schools with a reputation for excellence, that are really poorer. We are accustomed to hearing criticisms and it is refreshing to hear of a comparison that is favorable to us once in a while. This should be gratifying to those parents and citizens of Putnam he read these reports.

I am pleased to report that the inspection of our penmanship work by the special Palmer supervisor shows

TOWN SCHOOL COMMITTEE MET MONDAY EVENING

Superintendent H. W. Files' Monthly Report Showed Enrollment of 829 Scholars.

The following is from the report o Superintendent H. W. Files made at the meeting of the town school committee Monday evening:

mittee Monday evening:

The total enrollment for January was 412 boys and 417 girls, as compared with 418 boys and 420 girls for month of December. The average membership for January was 738.5, as compared with 751.2 for the month of December; the average attendance for January was 686.5; January's figures were 695.3. When January's total days' absences are compared with December's the difference in the average attendance for the two months is actendance for the two months is ac-counted for. Days absences for De-cember were 885.5; for January 1057.5. Seyere colds and disorders resulting from them cut down the attendance. from them cut down the attendance.

During January 121 pupils were tardy and the instances of tardiness during the month were 245. During December 135 pupils were tardy and the instances of tardiness numbered 235. The membership at the end of December was 761; at the end of January. There has been a slight improve-t from month to month in the matter of tardiness

Schools Overcrowded. Congestion and relief-If our scho were brought to an enrollment of not moer than 40 pupils per room, and this is too great a number for best work, we should have difficulty in providing accommodations for our pupils. I make mention of this fact for I am given to understand that an act has been introduced in the legislature

school population.

Ne one can tell how soon after the coming of peace our growth in population will stop if it stops at all. No one can tell how soon we may have to settle serious congestion problems. Putnam seems entering upon a period of health growth in population and it of health growth in population and it seems reasonable to believe that, under ordinary conditions, this growth

Portable Type of Building. To make effective provisions for the housing of additional pupils, it seems to me it would be well to have a sub-committee appointed to inquire into the desirability of the portable type of school buildings. The use of this type of school structure is becaming general. I am furnishing the secretary of the committee with the property of the committee with the province of the committee of the committ ne committee with the names of a umber of construction companies who have developed and improved porta-ble school. It is proposed to have each member of the committee furnished with catalogues and descriptive matter full knowledge of the building idea.

Tests in Arithmetic and Geography. cinity. From Webster came a report of 24 degrees below zero.

Notwithstanding the variance in the instrument readings, there was no disagreement over the general proposition that the morning was the coldest of the winter. Persons obliged to be out for any length of time suffered severely from the cold, especially the milk men, who managed to make their rounds in good time.

City Court News.

Business was good in the city court Monday orning—from the point of numbers before the bar of justice. Old John Barleycorn made a killing over

worn-out and unsatisfactory texts now in use.

Comparisons—Frequently it is said of us that our schools are not what they should be. Willingly is it admitted that the shools are not what we would like to have them or as we plan to have them, but the public who are interested in these reports should be interested to know certain things that come to our attention. that come to our attention.

Pupils From Other Communities. We have pupils coming to us from other communities, urban and otherwist, communities where the schools are, by reputation, excellent. These pupils have not been able, generally to take up the work of the corresponding age up the work of the corresponding prades in. Putnam. In no single case as a pupil appeared who has been in divance of corresponding grade in the Putnam schools.

Putnam pupils have been transferred to the schools of other communities and I have yet to learn of a case where a Putnam pupil, in regular standing in his grade, has failed to enter, without conditions, the corresponding grade in the schools to which he has gone.
